## Council 'Refuses' Chief's Appointee

### Police Probe Moves Ahead

Police Chief Stanley C. Williams today has named Sgt. Ralph Jensen as his new choice for probationary inspector, but without the official acceptance of a majority of the City Council.

Latest action in the month-long controversy came at the Monday night session on a motion of Councilman William T. Donahue, who moved that recognition of Jensen as probationary inspector be held up for "a few weeks" but offered no explanation for the delay. The vote was 3-2 with Councilmembers Jerome Blank and Mrs. Kathie Zahn dissenting.

The Council was on the losing end of a legal battle with the Police Chief last week in which the Alameda County Superior Court ruled that the Police Chief, and not the Council, has the right to demote and promote in the Police Department.

Councilman Blank said that he was in agreement with Council action in holding Jensen's appointment over but added that he would want a "definite limit on the time."

Councilman Edward Combs explained that since the Superior Court has ruled that Chief Williams had the right to demote Inspector Vernon Freeman to sergeant, the Council should wait before it takes action on the new appointment.

Blank added that Council action was not necessary "because the Police Chief goes ahead and makes appointments anyway."

"Now you are playing it coy," replied Mrs. Zahn. "You know that a resolution is required to put the new inspector on the payroll."

Meanwhile, the Council voted 4-1 at a special meeting last Thursday night to instruct Mayor Lewis M. Howell to proceed with plans for a complete investigation of the Police Department. The dissenting vote was cast by Mrs. Zahn, who commented, "Go ahead, it's your baby."

Action was taken at the request of the Mayor, following numerous "rumors and threats," and with 234 names on petitions asking for the probe.

Councilman Combs said that since there were "more rumors than facts," the investigations was the only thing to do and that professional services should be obtained rather than those of a committee of citizens.

The Mayor will make arrangements for the probe and give a report, including costs, to the Council. He said that he has already two possible investigators in mind. One, he said, was a municipal investigating agency, and the other a former FBI man.

In other action Monday night, Mrs. Zahn criticized the Councilmen for failing to approve payment of the \$307.24 balance due on a point-to-point radio purchased for the Police Department last July. She pointed out that \$800 of the total bill has been paid with the understanding that the remainder would be forwarded by the city "when available."

Blank said that it would be held over until the forthcoming hearings on the city budget.

## Elm Branch Luncheon

Elm Branch, Children's Hospital of the East Bay held its last luncheon meeting until fall Tuesday at the home of Mrs. Russell Frank in Alameda. Mrs. Joseph Young was co-hostess, and Mrs. Opal Villa, chairman, presided.

Gaeta, Albany real estate broker and contractor, who has been in the order for 34 years and attended conventions for the past 20; and Peter J. Heim of Napa, oldest California Knight. He is 90 years old and has attended the conventions 45 of the 66 years that he has been a member.

## Albany Pre-School Nursery to Hold Gala Open House Sunday

The Albany Pre-School Nursery at 850 Masonic Ave. will celebrate its 15th anniversary at a gala open house Sunday afternoon from 2 to 4:30 p.m.

Mothers will be on hand to show visitors around, and refreshments will be served.

A feature of the open house will be the showing of the outdoor play house and rain shelter and the new play yard on the south side of the building. Work on the building and yard was completed by fathers this spring. The improvements were made possible by the City Council and the Recreation Department under direction of Emmett Devine, to provide for the growing list of parents who wish to have their children enter in the school.

The pre-school was first opened in 1938 at Memorial Park under auspices of the WPA. When WPA aid was no longer available, the city Recreation Department took over the project, moving the school to its present location, providing funds for the director, and organizing the mothers' club into a cooperative nursery school.

The school is directed by Mrs. Nell Curran, who has been guiding its activities since 1941. She is assisted by Mrs. Alyce Hoffiger and mothers who participate three hours every two weeks. The mothers also attend evening classes on methods in handling pre-school children.

BY TIM BLANCHARD

The dream of world-wide television isn't really a dream. It's a real possibility, and the only thing holding up "live" telecasts of special world events, such as the coronation in England, is a little matter called money.

TV engineers have figured out three ways at least by which we could have globe-encircling video. One is a chain of micro-wave relay stations, like those spanning the U. S. For example, a line of stations of Europe could be erected through Newfoundland, Greenland, Iceland, the Faroe Islands and on to Great Britain and the continent. Two other methods are also being studied, for the time when the tremendous costs of world-wide television will be borne by someone. One is an underwater coaxial cable, and the second is a series of repeater stations in transoceanic commercial air liners and ships, each of which could boost the signal on to the next plane or ship until it reached the opposite shore.

Any of these methods would take a lot of money. . . and that's the one thing that puts world-wide TV off for the future, like 3-D or color television. Don't put off bringing the world of TV entertainment into your home. . . And bring it in brighter and sharper with a new Philco TV set from your servicing dealer, SKIP'S RADIO & TELEVISION SERVICE, 1553 Solano Ave. Phone LAndscape 5-4313.

**We Ford Dealers wish our Used Cars weren't so good!**

Folks come in all steamed up to buy a new '53 Ford. Excited as they should be. Then they take a look at some of the A-1 cars on our used car lot.

And that sets them to thinking. And debating. And pondering. Because most all of our used cars are as young as Springfield and shiny as a new dime. Folks look at the price tag and say "Hmmm... Now... maybe we ought to..."

That's when we wish our used cars weren't so good. But you know there's nothing quite like a new '53 Ford (even our good used cars). And new Ford "wanters" know it, too. So a new Ford is what they take.

Maybe you're different. For any number of personal reasons you may want a used car—a good used car. If so, we've got them. And priced at less than they look. As you'll see, if you look for this sign on the classified ad pages of this newspaper today.

**A Proper Setting**

In the very nature of things, a funeral service demands a background of beauty and an atmosphere of quiet, peaceful reverence, for a funeral service is primarily a religious service.

The Ellis-Olson Mortuary was created to supply these things for those who turn to us in time of need, and both clergymen and laymen have frequently expressed their appreciation and approval
